

JUNIOR TEAM PROFILE BRAZIL

Brazil's junior team has finished among the medals at the last two BNP Paribas World Team Cups, winning the silver medal in 2018 and the bronze medal in 2017 after fifth in 2010 and sixth in 2009. While members of both medal winning teams from the last two years are now too old to compete in the junior event, Joao Lucas Takaki returns to represent his country after making his World Team Cup last year. Takaki also made his debut at the Cruyff Foundation Junior Masters in January, while Cesar Silva Da Rosa and Breno Salles Grigorio make their debuts for Brazil this week.
